

Organization	Cornell University Emergency Medical Service
2016-2018 Allocation	\$3.24
2018-2020 Request	\$3.60
Appropriations Recommendation	<b>\$3.60</b>

### Rationale of the Committee

The Appropriations Committee recommends funding Cornell University Emergency Medical Service (CUEMS) at **\$3.60** for the 2018-2020 By-Line Funding Cycle. This represents an increase in funding of \$0.36 from the current funding level. The Committee felt that CUEMS provides an invaluable service to the community and we are proud to support an organization that volunteers the time of its members to provide for the security of the campus.

While we are proud to fund an increase, the Committee hopes that CUEMS can better keep track of how many undergraduate students versus graduate students, faculty, and staff are taking advantage of their services. Additionally, we hope that CUEMS uses their leftover surplus as soon as possible to fund priorities that will improve the quality of their service, rather than on capital expenditures.

### Vote Totals

The Committee votes down, from the highest number proposed to the lowest, to give the group the advantage. The vote totals from the Committee were as follows:

Amount	Vote
\$3.60	13-0-1

**Respectfully submitted,**

**Gabe Kaufman**

*Vice President for Finance*
